

# BEESAM SATHVIKA REDDY

## SOFTWARE ENGINEER

### Contact

**Phone**

+918499922624

**Email**

bessamsathvikareddy@gmail.com

**Address**

6-4-47 ,Hanamakonda, India

### Education

**Bachelors of Technology**

SR University  
2022 - 2026

**Higher Secondary Education**

SR Junior College for Girls  
2020 - 2022

### Skills

- Web Development
- C,Java,Python,SQL
- Problem-Solving
- Time Management
- Critical Thinking

### Language

- English
- Telugu
- Hindi

### About me

I am a self-driven and enthusiastic Computer Science student with a passion for technology and problem-solving. With hands-on experience in C, Python, Java, and Machine Learning, I thrive in collaborative environments and enjoy tackling challenges that foster growth. I aim to contribute meaningfully to innovative projects while continuously improving my technical and interpersonal skills.

### Projects

- **Plant disease detection** -Machine learning  
plant disease detection using machine learning algorithms trained on images of healthy and diseased plants to classify new images and identify potential diseases.
- **Bus ticket booking system**-C  
Developed a console-based Bus Ticket Booking System in C to simulate real-world ticket reservation operations. The system allows users to view available buses, check seat availability, book tickets, and cancel bookings.

### Certificates

- Microsoft Azure Management Tools and Security Solutions
- Certification on Introduction to Networks By Cisco Networking Academy
- Internship certification on Java Programming By Internpe
